## DEVELOPMENTS IN R. R. SITUATION

### PRACTICABILITY OF R. R. LABOR BOARD TO GET FIRST TEST

High Officials in Washington Declare That it Will Determine Whether a Futile Agency Has Been Established—Steps are Being Taken to Avert the Proposed Walkout

(By The Associated Press)  
WASHINGTON, Oct. 18.—The threatened railroad strike was recognized in high official circles today as having developed into the first real test of the practicability of the railroad labor board. The outcome of the negotiations now in progress it was declared would determine whether an entirely futile agency had been created.

Prominent in the defense put forward by labor leaders in every controversy in the past it was pointed out was the plea that there was no legally constituted body before which they could lay their grievances, or to whose impartial judgment they could submit petitions for relief. With the labor board expressly created to fill this gap, assurance was given today that it would be permitted to have a free hand in its efforts to meet the initial test provided by the disagreement of the railroads and their employees over wage schedules and working conditions.

### GOVERNORS OF MID WEST TALK OF FREIGHT RATES

Agree Rates Make Profitable Farming Impossible

(By The Associated Press)  
DES MOINES, Iowa, Oct. 18.—Attention was concentrated on the freight rate problem by midwestern states governors and public officials who met here today at the call of Governor Kendall of Iowa, to consider means of reviving agriculture and business and diminishing unemployment.

It was agreed that present transportation charges made profitable farming impossible. Resolutions expressing this view and urging the necessity of speedy action by the interstate commerce commission on the pending Western Hay and Grain rate case were prepared, but action on them was held over until tomorrow so that Governors J. Blaine of Wisconsin, J. A. J. Proulx of Minnesota and Arthur M. Hyde of Missouri, whose attendance is expected at tomorrow's session may participate in what is done.

Similar unanimity was reached as to the necessity of action by congress in reaffirmation of state authority over state rates.

Theory Versus Practice.

In theory it was said the transportation act recognized the jurisdiction of state commission over state rates but in practice that jurisdiction is set aside by rulings of the interstate commerce commission. It was intimated that the conference would probably adopt a resolution calling for an amendment of the Esch transportation act clearing up the disputed point. Another question on which the conference showed warm feeling was that of interest charges and the so-called deflation policy followed by the federal reserve banks.

Agriculture was declared to have been unduly penalized by excessive pressure for liquidation under peculiarly difficult conditions. The necessity for lower interest rates and long terms for farmer credit was emphasized. It was announced that the conference probably would put itself on record to this effect.

Governor Kendall presided. Those present were Governors S. R. McKelvie of Nebraska; W. H. McMaster of South Dakota; Clyde M. Remy, chairman of the public utilities commission of Kansas and authorized representative of Governor Henry Allen; R. G. Knudson of the Industrial commission of Wisconsin; Thorne A. Browne, member of the railroad commission of Nebraska, and William M. Smith member of the Public Utilities commission of Michigan.

### MISSION AT MURRAYVILLE

A mission is now in progress at St. Bartholomew's church in Murrayville, in charge of Rev. Father Ryan. The services began Sunday and will continue through the week.

### RAILWAY LABOR BOARD CHAIRMAN REACHES CHICAGO

Will Do Everything to Prevent Contemplated Strike

(By The Associated Press)  
CHICAGO, Oct. 18.—Charged by President Harding to take every possible step to avert the threatened rail strike ordered by the brotherhoods for October 30, Chairman R. M. Barton of the United States labor board reached Chicago late tonight coming direct from the White House.

The president is very anxious to do everything possible to avert this threatened calamity," Judge Barton said on his arrival. "The matter has been placed in the hands of the board to see what can be done. I am unable to say just how the matter will be taken up but the board members undoubtedly will outline a basis of negotiations tomorrow in preparation for the conference with the brotherhood leaders Thursday.

The telegrams summoning the heads of the four brotherhoods and Switchmen's union were sent out by Walter H. McMenimen, labor member of board at request of Judge Barton who was then in Washington conferring with the president. The labor board chairman remained in conference with the president until late yesterday their conclusions resulting in the summons to the labor leaders. No fixed plan was laid down in the White House conference, but opinions of board members, coupled with the announcement of the public group in Washington Sunday indicated that the following would be the proposals taken up in Thursday's conference:

1. Immediate suspension of the strike order pending further negotiations looking to a settlement.

2. Use of the brotherhood's influence to forestall strike orders by any of the other labor organizations now considering a walk-out.

3. Proposal of a platform on which final settlement might be reached to include these points: with the proviso that there will be no strike.

(a) Withdrawal for a definite period of the proposed request by the roads for further wage decreases.

(b) Immediate reduction of freight rates by the roads.

This leaves open the two points said by the train service men to be paramount. One is the question of time and the other is the cancellation of revision of existing rules and working conditions. High labor leaders have been insistent that these two points form the real bone of contention, despite the fact that the brotherhoods strike vote was taken on the July 1 reduction.

Just how the labor board proposes to get around these two stumbling blocks was not made clear.

While authoritative information still was lacking as to the basis upon which the labor board was proceeding, the impression was given that it involved some features at least, of the suggestions put forward by the public members of the board Sunday as on feasible plan for preventing the tieup.

The probability that official sanction would be given to the proposal that the July wage reduction be offset immediately by proportionate freight rate decreases, was discussed in high official circles. In case this was adopted as the government's compromise plan the test of the railroad board's authority would arise immediately it was pointed out in the question of its acceptance by either or both of the parties to the controversy.

Considering Freight Reduction.

Entirely apart from the suggestion of the public group, official intimation was given that a freight rate reduction was being considered. There was no indication as to the factors upon which a rate revision would be formulated or how soon a decision by the proper governmental agencies could be accepted. It was indicated that the entire support of the government would be given the labor board in its efforts to reach a settlement of the controversy and that other government agencies would be instructed to co-operate actively.

In case the settlement involves modification of the present rate schedules, the procedure would include a petition from the labor board to the interstate commerce commission, which has jurisdiction for the necessary rate changes.

With respect to his conference with the public group members here yesterday, Attorney General Daugherty said today that he had gone over them from every angle of the law under which the board operates and had examined into claims covering various conspiracy cases in the past.

### SAN FRANCISCO HOST TO JAPS

(By The Associated Press)  
SAN FRANCISCO, Oct. 18.—The Japanese delegates to the Washington disarmament conference who arrived here today from their homeland were entertained here tonight at a semi-official banquet at which the United States navy, the United States army, the federal government and the city of San Francisco were represented.

The banquet concluded a day of sightseeing and "getting acquainted" festivities provided by local authorities in honor of the delegation. The dinner at which the delegation broke bread with representatives of this country spoke and listened to short addresses on the potentialities of the forthcoming international conference was an invitation affair.

Tomorrow Major General William M. Wright, stationed here, will tender the delegation a luncheon, and in the afternoon, Mayor Rolph will give a reception in their honor.

### AMERICAN LEGION BURGEO PICNIC TODAY

Extensive preparations are being made for the burgoo picnic at Arenzville tomorrow, which is to be held under the auspices of the American Legion. The Perry band will furnish a musical program during the day and addresses will be made by former Congressman Rainey of Carrollton; W. H. Dietrich of Beardstown and Howard C. Knotts of Springfield. There will be athletic events during the day and dancing in the evening.

### CHICAGO PREPARES FOR RAILROAD STRIKE

Chicago, Oct. 18.—The city of Chicago today ordered a 30 day excess supply of gasoline and oil for all municipal motor vehicles, in preparation for the threatened railroad strike.

### AMERICAN FARMERS MAKE FIRST MOVE TO PREVENT STRIKE

American Farm Bureau Federation Sends Petition to Interstate Commerce Commission Asking for Immediate Reduction in Freight Rate—Asks Not to Grant Wage Cut

(By The Associated Press)  
CHICAGO, Oct. 18.—Efforts to avert the nationwide rail strike scheduled for October 30 tonight found governmental agencies, representatives of the public and some railway labor unions taking action simultaneously which all three hoped would prevent a tieup of the country's transportation system thru a walkout of nearly 2,000,000 employees in protest against wage cuts.

Foremost among the moves being made by the different groups was a meeting between the United States Labor Board and the heads of the five unions, which have already authorized their men to strike, called for Thursday by the board and at the request of President Harding, it was said by board members.

The first move on the part of a public organization to avert a strike came when the American Farm Bureau Federation representing 1,250,000 farmers, sent petitions to the interstate commerce commission asking an immediate 10 to 20 per cent reduction in freight rates on necessities and announced that it also would appeal to the labor board not to grant a new 10 per cent wage reduction which the roads have announced they will seek, but rather to generally revise wages in accordance with the cost of living in various sections.

Concurrence in these requests should avert the strike, the federation said in its announcement.

Will Hold Series of Meetings.

A series of meetings to last all week will be started tomorrow by the eleven rail unions which have not yet issued strike calls although most of them have voted for a strike. Leaders of several of these unions announced that at these meetings they will oppose a strike call in the hope that a split between them and the five unions already authorizing a walkout may avert the threatened strike.

The union leaders called in by the labor board were W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, Warren S. Stone, president of the Brotherhood of Railroad Engineers, William G. Lee, president of the Brotherhood of Railroad Trainmen, L. E. Sheppard, president of the Order of Railway Conductors and T. C. Cashen, president of the Switchmen's Union of North America.

The conference was called for the avowed purpose of preventing a strike, according to Ben Hooper, former governor of Tennessee and vice-chairman of the labor board. Mr. Hooper returned tonight from Washington where he and the other members of the public group of the board conferred with President Harding. He immediately called other members of the board into conference.

### SAYS PUBLISHERS NEED NOT WORRY ABOUT NEWSPRINT

Plenty of It is Being Imported That is Satisfactory

(By The Associated Press)  
CHICAGO, Oct. 18.—Newspaper publishers need not worry over the supply of print paper for next year, E. P. Adler, chairman of the American Newspaper Publishers' Association paper committee today told the Inland Daily Press association.

Quantities of print paper are being imported and this paper has been found by Atlantic coast journals to be quite satisfactory he said.

Discussing rapid development of the newspapers in the last few years, Frank E. Burgess of the Lacrosse, Wis., Tribune, said that cities of from 30,000 to 50,000 were today publishing papers that compared favorably with or were superior to the average newspaper published in cities of 100,000 to 500,000 five and ten years ago.

Mr. Burgess said that the public demands better reporters and that the newspaper is taking on the features of a magazine.

Farm news is coming to the front since the organization of farmers has come about in so many ways, and the organization of women has likewise led to more news of women, he said.

Mrs. Zell Hart Deming, publisher of the Warren, O., Tribune, discussed the daily newspaper's front page, illustrating her talk with first pages of a number of papers.

The Inland Daily Press Association's autumn meeting concludes tomorrow with a discussion of the labor situation and of advertising problems.

### RETURN FROM NORTH

O. F. Conklin returned last night from a business visit to Grand Rapids, Mich. He was accompanied by his daughter, Mrs. Mitchell Zachary, and son Oscar. Mrs. Zachary and son have spent the summer in Michigan and for the past six weeks have been at Rochester, Minn.

### MEMBERS PASSIE WHILE STRIKE IS BEING DISCUSSED

Burke and Blanton are Near Fist Fight Tuesday

(By The Associated Press)  
WASHINGTON, Oct. 18.—The house was thrown into an uproar today during heated debate on the railroad situation when Representative Burke, Republican, Pennsylvania, a former railroad man, called Representative Blanton, Democrat, Texas, who had just concluded a bitter attack on the railroad brotherhood a "damned liar."

Mr. Burke charged that Mr. Blanton during his remarks had made false statements. The Texas member leaped to his feet and denying he stated a falsehood shouted:

"You're a liar." This brought the retort:

"You're a damned liar," from Mr. Burke.

The two representatives moved toward each other as members rushed up to restrain them. During the confusion Mr. Burke shouted at Mr. Blanton, "you're a dirty dog."

Both representatives later asked to have their remarks expunged from the record and order was restored.

Representative Blanton during his speech, charged that the railway employees were preparing "for a war to the teeth and to death," while members of congress "sit here like a bunch of ninnyes."

"We ought to tell them," he shouted, "walk out if you want to, but there are three million idle men ready to take your jobs and you won't have any when you are ready to come back to work."

Mr. Burke contended that Mr. Blanton was "misleading the country," and was prompted by "hatred and prejudice," to attack railroad men "who have a grievance and feel they have not had justice."

Mr. Blanton charged that the railroad men thru threats of nationwide strikes had forced one billion and one-half dollars out of former railroad directors McAdoo and Hines and the railroad labor board.

"That's the kind of patriotism they have shown," he concluded.

### SUSPECTED OF ROBBERY BANK

Sheriff Weatherford Receives Word From Chicago That John Shea Is Being Held as a Suspect in the Robbery of the Woodson Bank.

Chief Detective Hughes of Chicago has sent a communication to Sheriff Weatherford of this city, stating that John Shea, a Chicagoan, has been arrested on the charge of robbing the Woodson Bank of several hundred dollars in cash and a larger sum in Liberty bonds, and will be returned to this county. The tip leading to the yegg's arrest came in an anonymous letter to the Woodson postmaster, probably from a pal of Shea's who did not figure in the proceeds of the haul.

Sheriff Weatherford and Deputy Sheriff Ben Andrews will leave some time today for Chicago to get Shea and will use this opportunity to take a boy to St. Charles school.

The letter which led to Shea's arrest was rather a jolt to the Woodson postmaster and contained several other facts of importance in the way of information which will probably be very useful. It gave the make of Shea's car. After the letter had been sent to Sheriff Weatherford it was sent to the Bankers' Association, which has its headquarters in Chicago. They in turn gave it to the detectives who seem to have produced something tangible in the way of results.

It is hoped that the bank will recover the loss, about \$4,000 in Liberty bonds and several hundred dollars in cash.

### WIRELESS GETS SOME FINE MUSIC

The wireless station conducted by Ed Wackerle, head engineer of the Illinois Woman's college, received some novel messages last night. In tuning up the instruments music was suddenly heard and a regular concert was forthcoming.

The entertainment included some Victrola selections, a famous opera by Caruso, and "On the Road to Mandalay" and several others. The concert was interrupted often, however, by other stations located all over this district. The Illinois weather report was also received stating that it would be generally fair today.

### BROTHERHOODS SHUT SCENE OF ACTION TO CHICAGO ON TUESDAY

Three Chicago Members of Big Five Organization Accept Request of the Railroad Labor Board for a Conference—Will be Held in Chicago Thursday Afternoon

(By The Associated Press)  
CLEVELAND, O., Oct. 18.—The scene of action in the threatened nationwide progressive railroad strike to begin Oct. 30, shifted back to Chicago today with the announcement that the three local members of the "big five" railroad brotherhoods had accepted a request from the railroad labor board that the five chiefs confer with the board in Chicago Thursday afternoon.

The telegrams requesting the conference were sent to Warren S. Stone, president of the Brotherhood of Locomotive Engineers; W. G. Lee, president of the Brotherhood of Railway Trainmen, and W. S. Carter, president of the Brotherhood of Firemen and Engineers, all with headquarters in this city. After telephone conference Mr. Stone announced tonight that the three chief executives had accepted the invitation and would leave for Chicago Wednesday night.

Similar requests, Mr. Stone said, were sent to L. E. Sheppard, president of the Order of Railway Conductors and T. C. Cashen, president of the Switchmen's Union of North America, with headquarters in Cedar Rapids, Iowa, and Buffalo, respectively.

It is understood that Mr. Cashen will be here tomorrow morning for a conference with the three local executives and E. P. Curtis, of Texas, a grand officer of the Order of Railway Conductors who will represent President Sheppard at the meeting. Mr. Stone said President Cashen would accompany the three local executives to Chicago where they will be met by Mr. Sheppard.

The local executives had but little comment to make on the request for the conference with the labor board announcing that the purpose of the meeting was not specified. Referring to the call for the Chicago conference, President Lee said:

"Of course I will attend the conference. I will attend any conference at any time or place that holds out the possibility of an open door to settle this matter. I have in mind the homes of the 150,000 men in my organization and I realize what this means to them. I will do my utmost at all times to reach an amicable settlement."

President Stone tonight issued a signed statement in reply to statements made by Joseph H. DeFrees, president of the Chamber of Commerce of the Washington yesterday denouncing the threatened railroad strike as a "most cruel and unjustifiable attack upon the people and government of the United States."

"The statement is so manifestly unfair and misleading it has been deemed advisable to make a few corrections," Mr. Stone's statement said.

The statement follows:

"In the beginning it would naturally be assumed that Mr. DeFrees, speaking for the chamber of commerce of the United States would be voicing the opinion of all American citizens but in view of the one sided statement it is the judgment of the railway workers that he is simply speaking for the millionaire element created by the miseries of the late war and now posing as great and patriotic citizens without regard to the many crippled and unemployed, who at this time appreciate—to them—the war is not over."

"Mr. DeFrees states that the anticipated withdrawal from the service contemplates a most cruel and unjustifiable attack upon citizens and government of the United States. This creates the impression that the railroad workers are not loyal citizens and is an unwarranted and undeserved accusation upon a body of men who have proven their loyalty. We point with pride to the number of railroad employees who volunteered their services in the great war."

"When the brotherhood of Locomotive Engineers were called upon to furnish forty engineers to man tanks, the officer who was seeking such men stated 'we want red blooded fellows who are the most willing to commit suicide.' In less than ten days, Grand Chief Stone was able, not only to furnish 40, but 400 who were red blooded and ready to go over the top; and we are wondering now what part Mr. DeFrees—who is now posing as a champion of the public—played during the great war."

"Mr. DeFrees calls attention to the tribunal created by congress (Continued on Page Four.)"

### UNITED STATES SENATE PASSES PEACE TREATIES

Eight More Votes Than Necessary Two Thirds Majority

(By The Associated Press)  
WASHINGTON, Oct. 18.—The administration's peace treaties with Germany, Austria and Hungary were ratified by the senate tonight, the vote on the first two being 68 to 20, or eight more than the necessary two-thirds and in the case of the Hungarian treaty, due to the absence of three senators, being 65 to 17.

The senate action completed the administration's immediate peace program and brought a full state of peace with the principal enemy powers. Remaining now only are the formal exchanges of ratification except in the case of the Hungarian treaty as that government alone has yet to complete parliamentary action on the treaty.

Only three republicans—Senators Borah of Idaho, LaFollette of Wisconsin and Norris of Nebraska, who, absent on account of illness, was paired against ratification, voted against the treaties. Fourteen democrats on the other hand supported the treaties while two more paired in favor of ratification. Before final action was taken, a democratic effort to substitute for the German treaty the treaty of Versailles with the twelve Lodge reservations was defeated, the foreign relations committee reservations permitting American membership on the allied reparations commission or any other international commission without the consent of congress, were adopted.

Prominent among the speakers today were Senators Johnson, republican, California; Hitchcock, democrat, Nebraska; and Fournier, democrat, Ohio, in favor of ratification, and Senator LaFollette, republican, Wisconsin, in opposition to such opposition. Senator Johnson said he did not hold the fears of Senator Borah of Idaho, and other "irreconcilables" that the treaty would entangle the United States in European affairs.

Banger in Hughes, This danger he declared, came principally from Secretary Hughes. The California senator said Mr. Hughes had favored entering the league of nations and also submission of the treaty of Versailles to the senate but that he relied upon President Harding to avoid European entanglement.

Senator LaFollette of Iowa, the treaty because its "ratification will involve this country in the quarrels of Europe for a period of forty years to come."

He asserted that the people at the last two national elections had demanded that this government be kept free from European dimensions and that attention be directed to domestic conditions, which he declared, "menace the stability of American democracy."

A number of the mining companies in central and southern Illinois have adopted the plan of paying employees by check. This method makes more bookkeeping

but does away with the danger of robbery. In fact, it is because of a number of holdups that the check system was adopted. The numerous robberies in the big cities have also resulted in a number of firms adopting the check system to supplant cash payment.

Babe Ruth is going to ruin a wonderful reputation if he persists in his defiance of Judge Landis, the supreme commissioner in baseball. If Ruth becomes an outlaw and seeks to run an exhibition ball team of his own, he will suddenly find himself at the bottom of the toboggan slide and no longer the idol of the baseball world.

It is said that there are 9,000-10,000 automobiles in the United States. Certainly that would be a great factor in the transportation question in event of a nation-wide railroad strike. The fact

is that such a strike would mean tremendous inconveniences and losses but would not bring results nearly as serious as would have been the case before the development of automobile transportation.

## BOTH SIDES TO BLAME.

Reading about the possibilities of a railroad tieup convinces the unprejudiced that neither side to the controversy is blameless. The railroad labor board was created by law with the intent of providing the means for a settlement of vexing questions that arise between railroads and their employees. Now it is shown that neither the railroads nor the workers are willing to abide by the orders of the board and both parties to the present trouble have defied the board.

True, that board may have functioned in an unsatisfactory way, but the fact remains that it is legally constituted and until it is abolished it should have the recognition that the law contemplates. Neither the railroads nor their employees are greater than the law.

## THE POSTAL SERVICE AND CO-OPERATION

The present postal administration is making commendable efforts to improve the service and along that line they are asking the co-operation of the public in many things which will tend to better the service.

The postmaster general has designated Wednesday, October 19, as "National Mail Receptacle and House Number Day." On this day every carrier will be required to report to his postmaster each place on his route that does not have a mail receptacle or a house number. We all know the importance of house numbers and the necessity of our houses being numbered correctly.

The mail receptacle is just a matter of co-operation with your carrier and the postoffice. It helps the carrier, it helps you, and it helps your neighbor.

If you live on the beginning of a route it enables the carrier to serve the patrons on the ending of his route much earlier than if there were no boxes. It enables him to put your mail in a place where it is not liable to get lost or carried away, and it enables him to make a quick delivery without having to wait for you to answer his knock. Your carrier will appreciate your help, and also if the box is located to enable him to deliver the mail without climbing steps it will save him many a stop by the time he has made from 150 to 200 stops.

And, the holiday season is almost here just hang that Mail Early and Often sign by your desk or work basket. Your parcels will be delivered on time if they are mailed early. Remember that one word, "Co-operate." There is nothing that makes a postoffice clerk or official any happier than to know that everything is cleaned up, and dispatched on time.

## WILL PROMOTE LIBRARY EXTENSION

The Public Library is working in co-operation with the Board of Education to carry out a plan of library extension in all the grades of public schools. At least thirty books are being placed in each school room, with a record book and a summary for each story. These assist the teacher in keeping track of the reading done by the pupils.

This supervised reading has become a definite plan carried out in the schools. The pupils are given credit for the books they read and must give a brief synopsis or sketch of some part before the class. The annotations are a great help to the teachers in this work.

## COMPLETE PLANS FOR BIG FESTIVAL

Extension Committee of Chamber of Commerce Lay Final Plans for Halloween Festival—Prizes Will Be Awarded for Best Impersonations.

The Chamber of Commerce Trade Extension committee met yesterday and completed the plans for the big Halloween Festival to be held that evening. The plans provide for a big festival to be held in the business district at an early hour so as not to interfere with other celebrations or affairs that may take place.

The feature of the celebration is the parade of masqueraders to be held around the square, headed by a drum corps or a band. The business men of the city have generously provided for forty prizes to be given and a committee has prepared a list of forty characters so that the people will have ample time to prepare for the event.

The prize winners will be selected by a group of judges who will occupy a stand on one side of the square. The parade will pass around the square several times in order to give the judges plenty of opportunity to make their decisions. There will be special lighting arrangements and the parade will be followed by a dance.

Stanley Wright and William Floeth have been asked to head arrangements for the parade and music. Lloyd Reid and Arthur Taylor compose the dance committee. H. J. Smith, Louis Floren and Fletcher Hopper have been appointed as a committee to arrange for the prizes.

The Halloween Festival committee submits the following characters for masqueraders. A prize will be awarded the best makeup for each:

Police, Uncle Sam, Angels, Old Man Time, Old Man Gump, Old Gump, Chester Gump, Maggie Jiggs, Old Man Jiggs Dinty Moore, Old Witch, Santa Claus, Gasoline Alley, Walt, Ghost, Abe Lincoln, George Washington, Martha Washington, Charlie Chaplin, Harold Teen, Dutch Girl, Indian, Quaker, Clown, Boy Scout, Red Cross Nurse, Soldier, Best Old Farmer, Sailor, Happy Hooligan, Best Chinaman, Best Jap, Best Japanese, Country Maid, Scotchman, Gypsy, Harold Lloyd, Red Riding Hood, Jack Horner, Man Made Up as Woman, Lady made up as Man.

## OLD JACKSONVILLE OUR FIRST RAILROAD

(BY ENSLEY MOORE)  
Member Illinois State Historical Society

Under this heading an article appeared one week ago—Oct. 12, 1921—in this column. It referred to the "Northern Cross Railroad," as the "Wabash" was first called.

Quotation was made, in that "O. J." article of statements of Richard S. Elliott and James Harkness.

This article will refer further to what each of these men said. Probably Mr. Harkness knew most on the subject; but, apparently Mr. Elliott was a better writer and man of affairs. So our readers can take which they prefer. The articles of each were published about January, 1887, in the Chicago "Inter-Ocean" and Jacksonville "Courier," respectively.

George P. Plant formerly lived here, and was a brother-in-law of Thomas T. January, then living here in the "Devesse home" on West State street. T. T. January and Col. James Dunlap were the main contractors on the "Northern Cross."

The "O. J." man met Mr. Plant at Northampton, Mass., in 1860, and knew of him thru references by the "O. J.'s" people, early settlers here. He, Plant, was a splendid man, as Elliott stated (see last week's paper), and looked the part.

Elliott says, referring to his authority regarding the "Northern Cross":

"The facts as stated, I had from George P. Plant himself, not as a boast of what he had done, but as a chat in the last days of May, 1868, as we swung around the curves of the 'Pennsylvania railroad,' in the Juniata Valley, on our way as part of a St. Louis delegation to help in the organization of the 'National Board of Trade' at Philadelphia. Thirty years after he had laid that first rail. There can therefore be no doubt as to the date of the beginning of railroads in Illinois." Elliott also said: " \* \* \* of all the gentlemen who took the first ride on it (Northern Cross). I think only Mr. January (T. T.), a resident of St. Louis county, survives. The enterprising, far-sighted and unappreciated Charles (C.) Collins and the general Myron Leslie were long since taken, and only the name of Collins street in St. Louis saves the name of one of them from oblivion. George P. Plant was one of those rare men whom one does not know whether most to esteem, respect or love; and few of those who now glance at his portrait in the St. Louis Merchants Exchange have any conception of his penetrating good sense, broad information, just decisions and solid moral worth, which were so highly esteemed by those who knew him."

James Harkness  
In his critique on Mr. Elliott's article, says, "George P. Plant was neither a civil or mechanical engineer. He was a surveyor, and the writer assisted him in that work from the Mauvaister creek (over which the first railroad bridge west of the Alleghenies was built by me) to Jacksonville."

It is always to be remembered that, in building the road work was begun and carried forward from Meredosia. The reason being that materials, engine, cars and so forth had to be brought up the river by boat. To St. Louis they came, then, either by the Ohio river from Pittsburgh, or by sea, via New Orleans and up the Mississippi river. But Jacksonville people were doing it.

"Horses were used to haul the cars," Harkness goes on to state, "that was used in building the road to Van Gundy' run, some

seven or eight miles out. When the locomotive came and all things got ready, the officers of the road, the contractors and their friends went to Meredosia and had a ride to the bluffs and back, and that was the first trip west of the Allegheny Mountains. This was the birth of the greatest system of travel and commerce ever invented by man."

"Not without thy wondrous story, Illinois, Illinois.  
Can be write the nation's glory, Illinois, Illinois!"

"George Gregory was the engineer and after he quit Verlen Daniels, an old and well known citizen of Jacksonville (afterwards)," Harkness goes on to say:

"The engineer corps consisted of James M. Bucklin, chief, Edward Harkness, first assistant, with Messrs. ———— Hawn, ———— Welogianskie and ———— Van Horn as topographical engineers, and James Harkness bridge builder, and ———— Thompson, master mason." Evidently Harkness was there.

The bridge he built was no doubt the one east of Chapin.

It is more than likely that Mr. Plant sustained a relation to the road that Mr. Harkness did not know of, or understand. Charles C. Collins ran a horse road out from Naples, which is part of the road now.

James M. Bucklin.  
Harkness says, again:

"It is a shame to let James M. Bucklin's memory and great services as an engineer be ignored by a man that knows absolutely nothing of his own knowledge of the building of the Northern Cross railroad from Meredosia, or of the first trip by a locomotive on it, not having been there at all."

James M., and John C. Bucklin made the survey of the Illinois and Michigan canal in 1830-31. J. M. was in favor of a railroad and the advocates of the canal burned him in effigy for so doing. I do not think the advocates of the Hennepin canal would do so now, tho'."

He says, "Charles (C.) Collins and Myron Leslie were both citizens of Illinois and were interested in building the road." This writer doubts if they had much interest in it. But, in 1849, the "Sangamon and Morgan railroad" was run from Bluffs to Naples, and the rails taken up on the Meredosia line. Then Collins' horse road bed was utilized for steam travel. In 1859, Gen. J. W. Singleton exploited the "Quincy and Toledo" road from Meredosia west to Quincy, and the rails were again put on the section from Bluffs to Meredosia, and the road bed of 1838 or 9 west of Meredosia was made use of.

Going back to Harkness, he states that "J. M. Bucklin made the first plat of the village of Chicago at that time" (1830-31). This writer doubts the correctness of that point.

Another point of Harkness may be right, although he seems to contradict his previous statement regarding the use of the car in building. He says: "The first train that Mr. Elliott speaks of consisted of one car and the trip was to Bluffs and back. \* \* \* The passenger car was finished like an omnibus, and was called a 'pleasure car.' He came here in 1837, and in 1839 predicted he would live to see not only a road across the state, but from Cairo to Galena. And he did. He also said in '87: 'I think electricity and natural gas will supercede coal and steam for all light engineering,' which was not so far from a successful prediction."

## History of Platinum

Years ago in Quibdo, Columbia, S. A., a gold mining town, platinum was blown out into the streets among the "tailings" (waste). Today houses have been undermined and streets turned into shambles to get at the platinum.

The story of Quibdo is merely one of the many illustrations attending platinum's romantic rise from a position of obscurity and

disdain to its present place at the head of the noble metals. Originally its presence in gold was regarded as a drawback. Its stubborn resistance to the action of acids and heat made it peculiarly obnoxious.

Today the very qualities which rendered it originally objectionable have made it priceless. It is resistant to most acids, proof against rust and wear. It is hard, brilliant and durable beyond all others.

## TOM THUMB WEDDING IS STAGED AT MANCHESTER

Fine Performance Given By Children at Christian Church Tuesday Evening—Other News from Manchester.

Manchester, Oct. 18.—The Tom Thumb wedding given at the Christian church Tuesday evening under the auspices of the Ladies Aid was a very successful event. The church was completely filled and the large audience was very enthusiastic in approval of the efforts of the fifty trained children who had part in the ceremonial. The children were trained by Miss Kathleen Shale of Kansas City and reflected much credit upon the directress.

The part of the bride was taken by Louise Brown, daughter of Mr. and Mrs. Carl Brown, while Paul Andrus, son of Mr. and Mrs. J. C. Andrus, was the groom. Clarence Preston was the minister, Clara Katherine Heaton the bridesmaid and Max Heaton best man. Alice Martin was the ring bearer and William Andrus and Millard Murray the ushers. Mrs. Ethel Rousey was the accompanist.

The musical program which preceded the ceremony included a solo by Geraldine Alfred, who sang "I Cannot Sing the Old Songs," and the singing of "When You and I Were Young, Maggie," by Mason Dean. Other vocal selections were "I Love You Truly" by Hazel Van Tyle, and a duet, "Silver Threads Among the Gold," by John Blakeman and Freda Scott. As the final number on the program all the children joined in singing "I'd Like to Live in Loveland."

A small admission fee was charged and the result was a goodly sum to be added to the treasury of the Aid society. The way in which all cooperated to make the undertaking a success was very gratifying to the management.

## INITIAL SESSION OF M. E. SCHOOL

The initial session of the School of Religious Education recently organized under the auspices of Jacksonville Methodism, was held Tuesday evening from 7:30 to 9 o'clock in the social room of the Illinois Woman's college. Ten minutes were spent in devotions led by Prof. W. J. Weber. Each of the four instructors in the school then presented the subject he was chosen to teach.

C. D. Robertson discussed "The Worker and His Bible" by Barclay, Rev. T. H. Tull, "The Life of Jesus," by Rall; Rev. G. W. Randle, "Vocations Within the Church," by Crawford, and Prof. W. J. Weber, "How to Teach Religion," by Betts.

The school was then separated into classes. Nine students selected "Vocations Within the Church," eighteen, "The Worker and His Bible," twenty "How to Teach Religion," and twenty-six "The Life of Jesus."

A great deal of enthusiasm was shown and many additions to the class are expected within a short time.

## OTIS MASON HELD CLOSING OUT SALE TUESDAY

Otis Mason held a sale of live stock and surplus farm machinery yesterday afternoon at his farm, 1 1/2 miles east of Arnold. The sale was not a large one, occupying only a half day session and it amounted to \$1,509. Wright and Henry were the auctioneers and Marcus Hulett acted as clerk.

Prices on stock were fair, some of the shoats ranging from \$13.25 to \$20.25; cows at \$50 and \$55; gilts at \$17.50 and one male hog at \$22. Texas seed oats sold for 39 cents a bushel and baled clover hay at 45 cents. Implements sold very poorly.

## PARK BOARD HELD SESSION LAST NIGHT

Various Matters of Business Considered at Regular Meeting of Park Board Tuesday Evening.

The park board met in regular session Tuesday evening at the home of Mrs. G. T. Hollinger on South Prairie street with all members present.

The Jacksonville branch of the State Sportsmen's association, represented by a committee of which F. L. Sharpe was chairman, proposed to the park board to take charge of the protection and propagation of wild life in and about Manvalsterre park, promising, if permitted by the park board to stock the lake with suitable fish, to destroy fish-eating birds, to police the park and prevent all illegal shooting and to see that all the Illinois game laws are enforced, especially with regard to shooting at any time by unauthorized persons. The park board gladly accepted the proposition.

The local golf association was represented by a committee, of which Judge Samuel was chairman, and requested permission to lay underground pipes to water their greens and to make some other changes about the course. This was granted on condition that the work be supervised by a competent golf expert and approved by the park board.

It was announced that person had been granted by the trustees of the Anti-Tuberculosis sanatorium to enter the park through the west side of the sanatorium grounds and a committee was appointed to take the legal steps in regard to same.

Springfield Consistory and Co-Ordinate Bodies Will Observe Anniversary November 14, 15 and 16.

Local Masons, who are members of the Springfield consistory and co-ordinate bodies, have received invitation to the Twenty-first annual reunion which will be held in Springfield, November 14, 15 and 16.

During the three days the various degrees will be exemplified and it is expected there will be a large attendance of members from this section of the state. Elaborate preparations have been made for this event and the music during the exemplification of the degrees will be a feature. This music will be furnished by soloists, Springfield consistory quartet and orchestra, the consistory male chorus and consistory band.

Julius G. Strawn, J. Bart Johnson, John B. Seibert and C. W. Cornick of this city are members of the petition committee. Mr. Johnson is also a member of the consistory band.

Quite a number of members from Jacksonville are planning to attend the reunion and others probably will take the degrees at this time.

## PARENT-TEACHER ASSOCIATION MET

Fourth Ward Organization Held First Meeting of the Year Tuesday—Important Matters Discussed.

The first meeting of the school year of the Parent-Teacher association of the Fourth ward was held at Washington school Tuesday afternoon with an unusually large attendance. Mrs. Baxter presided.

The minutes were read by Secretary Mrs. Albert Dole and the treasurer's report was presented and received and placed on file.

Mrs. Hackett Wylder then gave two songs, and Miss Abrams also gave a vocal number. Both were greatly enjoyed.

Miss Ryman, public school nurse, then gave an address on her work. She spoke especially of the number of children found underweight in the public schools.

Following Miss Ryman's address the members entered into a general discussion of the subject. After the discussion the president was instructed to appoint a committee to investigate the matter of furnishing milk to these underweight pupils during the morning session. The president appointed Mrs. Charles Cornick, chairman, Mrs. Thurman Haskell and Mrs. Stanley Davis.

The matter of having sandwich sales for the purpose of purchasing playground apparatus was then taken up. It was decided to hold two sales, one this week and one next. The committee for the first sale is composed of Mesdames Cornick, Haskell and Paterson.

For the second week Mesdames McLin and Corbridge.

The president also appointed a committee to investigate the matter of purchasing playground apparatus. This committee is composed of Mrs. H. K. Chenoweth, Mrs. Paul P. Thompson and

Mrs. T. C. MacVicar. Following the program and business session a social hour was had and refreshments were served by the mothers of the first grade pupils.

## AMERICAN FARMERS MAKE FIRST MOVE TO PREVENT STRIKE

(Continued from Page One) the last wage cut into reduced freight rates and advising against further requests for wage reductions at this time, the board does not mean that parties may not combat with disputes," Mr. Hooper said. "The suggestion was made merely as a modus vivendi for solving the present transportation problem. We suggested that the roads cease wage reductions for the present and reduce rates as a step in the revival of industry."

Clifford Thorne, general counsel for the farm bureau federation in a statement tonight characterized action of the railroad executives in refusing a ten per cent reduction in freight rates as a "grave error."

Practically every great industry and the railroad employees themselves have been forced to accept cuts in prices or wages he said.

"The time has come," his statement concluded, "for the farmer representing the public on the great middle ground to act."

## WILL LEAVE FOR WEST

Mrs. E. O. Mayer of West North street is to leave Saturday for California, where she will spend the winter months with her daughter, Miss Marguerite, and her son Fred, both of whom are now resident in Los Angeles.

Mrs. Mayer will spend Sunday at the home of Mr. Mayer's mother in Jefferson City, Mo., and will resume her journey to the coast on Monday. Mrs. Mayer had not expected to start west for a week but changed her plans in view of the possibilities of a railroad tieup.

## CARL WEBER ELECTED TO HIGH POSITION

Is Chosen Grand Junior Warden of I. O. O. F.—Sharp Contest Looms in Rebekah Lodge.

Springfield, Ill., Oct. 18.—Carl Weber of Jacksonville, was elected Grand Junior Warden of the Grand Encampment, I. O. O. F., on the second ballot by 185 votes this afternoon. C. A. Knickerbocker of Peoria, ranked second in the balloting, and Frank Lind of Rockford, third.

Mr. Weber served last year as Grand Marshal, an appointive position in the order. Other officers elected today are as follows: Grand Patriarch, Charles W. Byers, Springfield; Grand High Priest, Forest B. Gore, Carlinville; Grand Senior Warden, John S. Silyta, Chicago; Grand Secretary, Sam J. Baker, Onley, and Grand Treasurer, Charles B. Merritt, Carthage.

Politics held chief interest among Rebekahs at the end of the first day of their annual state gathering here tonight. Mrs. Alice M. Trees, of Peoria, retiring president, threw a bomb into election caucuses by announcing she would run for chief of examiners, a place held by Mrs. Grace Henry of Sandwich for the past eight years. The election will be held tomorrow.

Mrs. Trees accompanied her announcement with the statement she wasn't ready to retire from official life.

This contest between Mrs. Trees and Mrs. Henry completely overshadowed the contest for the stepping stone office of state warden of the Rebekahs. Tonight the leading candidates seem to be Fern Webster, Chicago; Millicent Elfert, Springfield; Gladys Neal, Willow Hill and Ella Dunlap of Chicago Heights.

The Grand Lodge opened activities in earnest tonight with an initiation ceremony declared to be the largest ever held by the order in this state. Politics caused little interest among the Odd Fellows.

No outstanding candidates were apparent.

## DISTRICT MEETING HELD HERE TUESDAY

Missionary Societies of Presbyterian Church of Morgan, Cass and Scott Counties Was Held in State Street Church.

A district meeting of the Presbyterian Missionary society of Morgan county and Cass counties was held at the State Street Presbyterian church yesterday with about one hundred representatives present.

The morning session began at 11 o'clock with devotional exercises led by Mrs. T. W. Smith. Then followed the business session during which the officers of this district were re-elected to serve during the coming term. They are as follows: Mrs. R. R. Stevenson, foreign president, Mrs. George Holly, home president, and Miss Mamie Hagerman, secretary.

The delegates enjoyed a luncheon at noon served by the church. At 1 o'clock the afternoon session began with a roll call of a verse from the Scriptures from each lady present. The president of the Presbyterian Missionary society, Mrs. T. N. Young, sent her greetings to the districts. The last number of the afternoon was an address by Mrs. Anna Roberts of Springfield, who is treasurer of the society. The meeting adjourned after one of its most profitable sessions and was very well attended.

## THIS WOULD BE PIE FOR ENGLAND

ROME, Oct. 18.—The policy of the American government regarding recognition of the payment of Europe's debts, especially Italy's "is unjust and imprudent" declared the Popolo Romano in an editorial today.

"It is unjust," declared the editorial, "because America cannot equitably claim payment of sums advanced to us for our needs, which were directly and solely occasioned for continuation of the war in which Italy spent all her resources and was not able to continue without aid from the allied and associated nations who were more powerful. The results of the war show who gained the major advantages. It is therefore logical that the burdens should be shared equally. Inasmuch as Germany will be unable to fulfill the financial obligations of the treaty of Versailles it is unjust for America to force payment from us, who are materially impotent."

"England lent the allies 1,000,000,000 pounds sterling; America, in turn, lent England 2,000,000,000 pounds sterling. The London government would remit the allied debt if America would remit hers. Italy is interested in making the Washington conference successful because it would signify the return of America into world affairs. We are the loyal ally of England, but we intend to remain America's best friend."

## RETURNS TO CHICAGO.

Judge M. T. Layman, who has been in Jacksonville for the past ten days looking after legal matters, will return to Chicago today. Judge Layman expects to be in Jacksonville again in a short time, prior to the opening of the November term of the circuit court.

Mrs. Merritt Newton of Sparta, Wis., is visiting in the city at the home of her parents, Mr. and Mrs. George Sargent on South East street.

## BROTHERHOODS SHIFT SCENE OF ACTION TO CHICAGO ON TUESDAY

(Continued from Page One) which augmented the possibility of an amicable settlement. He lays special emphasis on the fact that the fundamental principle of this tribunal was to obviate the condition that now exists and charges the railroad workers with the responsibility of deliberately flouting and disregarding decisions of the board. It is very evident that Mr. DeFrees is not informed as to the situation, therefore not qualified to express an opinion, or he is deliberately attempting to mislead the public.

"If Mr. DeFrees will take the trouble to look into the facts he will find that the railroads are the ones who did flout the authority of the United States Labor Board and not the railroad organizations and we suggest that Mr. DeFrees look into the case of the A. B. & M. and N. A., Erie, Pennsylvania and other railroads for light on this subject. After satisfying himself as to the truthfulness of the statements herein, he should write a supplemental statement giving the public the benefit of the facts.

(Signed)  
"W. S. Stone."

## UNITED STATES SENATE PASSES PEACE TREATIES

(Continued from Page 1)  
Roll Call on Treaty.

The roll call on ratification of the German treaty follows:

Hitchcock, democrat, Nebraska; Jones, republican, Washington; Ladd, republican, North Dakota; Phipps, republican, Colorado; Smith, democrat, South Carolina and Stanford, republican, Oregon for ratification; and Norris, republican, Nebraska; Robinson, democrat, Arkansas and Swanson, democrat, Virginia, against ratification.

## HI Y CLUB MET TUESDAY EVENING

The Hi Y club held its regular meeting and supper at the State Street Presbyterian church last night with a fine attendance of fifty-three present. After the supper the boys enjoyed a talk from Boyd I. Walker, State Boys Work Secretary of the Y. M. C. A. Mr. Walker made a fine clean cut talk on the Hi Y club and its four basic principles, Clean Speech, Clean Living, Clean Athletics and Clean Scholarship. He also spoke on the Older Boys Conference to be held in Decatur on the 25th, 26th and 27th of November.

The regular Bible study was taken up and during the business session two committees made reports. These were the committees on membership and program.

This was the last meeting to be held at the State street church, and the supper, prepared under the direction of Mrs. George Johnson, was thoroughly enjoyed by the club. The next meeting will be held at Northminster Presbyterian church.

## BAPTISTS HOLDING STATE CONVENTION

The Illinois Baptist association is holding the annual convention at Rockford. Among the delegates in attendance from Jacksonville are Rev. A. P. Howells, Mrs. F. H. Stebbins and Miss Carrie Spirex. At the session held yesterday addresses were made by President J. E. Potter of Shurtliff college; Rev. G. A. Stair of Chicago and Mrs. George C. Moore, New York City.

Today much of the time of the sessions will include a discussion of general questions relating to the opportunities and responsibilities of village, city and country churches.

The convention is to close tomorrow, when an address will be made by Dr. John Earl of St. Paul. The annual election of officers will be held and the place of next year's meeting selected. The golden jubilee pageant will be a feature of the final day.

In connection with the association sessions are being held of the Baptist Young People's Union and the Illinois Woman's Missionary society.

DETROIT, Oct. 18.—All parts of the country were represented here today at the opening of the annual convention of the National Spiritualist association. The meeting is to continue through Saturday.

Today's sessions were devoted largely to discussion of the relation of spiritualism to established institutions.

## REAL BARGAINS ON THE SALES COUNTERS

Merchants Ready to Serve Public With Special Two-Day Offerings.

Indications all point to numerous visitors in Jacksonville today from the surrounding territory. If there is any attraction in bargains, certainly there will be many visitors, for the eighty-nine firms joining in the special two-days' sale have offered genuine bargains. The purpose of the trade extension committee of the Chamber of Commerce and the merchants co-operating in the movement has been not only to create business for the two days but to impress upon the people in the surrounding territory the advantages of buying in Jacksonville.

Jacksonville business men have worked hard and earnestly to make Wednesday and Thursday big days in business, although the financial returns may not total so great, as they are specializing on but one article and it at a greatly reduced figure. What they desire most is to meet new customers.

The country for many miles in each direction from Jacksonville has been thoroughly billed with announcements of the remarkable bargains to be offered here. The newspapers have carried large advertisements, so that thousands of people within a radius of twenty-five or thirty miles of the city know where the bargains are and what they are when they come to Jacksonville this week.

With good roads and weather, hundreds of persons who would otherwise not be in Jacksonville are expected here Wednesday and Thursday. It is a great and progressive movement on the part of the merchants and deserves support of the Jacksonville trading area.

There is no repetition in bargains. If you buy an article at one establishment you will not find it one sale at a reduced mark in another place. By this co-operation the merchants can make a shopping trip more attractive to the visitor.

The Trade Extension Committee wishes to announce a regrettable oversight which caused an advertisement of the Hayden Candy Shop on South Main street not to appear in the large advertisements. In amends to the mistake the committee today has authorized a special advertisement for Mr. Hayden.

## MEETING POSTPONED

The meeting of the Alexander Woman's club which was to have been held with Mrs. J. T. Little this afternoon has been postponed until October 26. The meeting at that time will be held with Mrs. Little.

Henry Herring and Dr. George Bengel were among business callers in the city yesterday from Winchester.

## MISS POPEJOY BRIDE OF WILLIAM EHNI

Well Known Young People Are  
Wed Tuesday—Will Reside at  
1716 South Main street.

A beautiful ceremony performed at 8:30 o'clock yesterday morning at the Church of Our Savior, united Miss Monica Marie Popejoy and William Ehni, Jr., in the bonds of matrimony. The service was read by Rev. Father Cahill and was witnessed by a large number of friends and relatives.

Preceding the ceremony, Albert Strausser sang a number of songs accompanied by Miss Margaret Ring at the organ. Miss Lucille Sheehan attended the bride and Frank Bonansinga acted as best man. The ushers were Norbert Ehni, Donald Butler and William Rook.

The bride was gowned in white mirror satin, trimmed in silver lace and wore a tulle veil, caught up with a coronet of orange blossoms. She carried a shower bouquet of bride's roses. Miss Sheehan's gown was of jade green and radium taffeta and she carried opelia roses.

Following the church ceremony a delicious four-course wedding breakfast was served at the home of the bride's aunt, Miss Mary Ryan, on South Main street. The dining room was attractively arranged with pink and white roses and banks of ferns.

The bride is the daughter of Mrs. Catherine Popejoy, of Eaton, N. M., and for the last few years has made her home with her aunt, Miss Mary Ryan in Jacksonville. Following her graduation from Rountt academy, she studied for several terms at Illinois Woman's college.

During her residence in Jacksonville, Mrs. Ehni has won the friendship and admiration of many people.

Mr. Ehni, the son of Mr. and Mrs. W. S. Ehni of South Main street, is well known in Jacksonville, where his genial manner and sterling character have won him many friends. He is a graduate of Rountt college with the class of 1921 and is now connected with his father in the firm of W. S. Ehni & Bro., wholesale confectioners.

Following a wedding tour in the north the young couple will be at home to their many friends after November 1, at 1716 South Main street.

Out-of-town guests at the wedding were Mr. J. M. Irvin of Springfield, Mr. and Mrs. E. A. Broker and daughter of Beardstown; Mr. and Mrs. O. E. Ryan of Alexander; Thomas, Lawrence and Martin Ryan of Franklin and Mr. and Mrs. J. Buchelt of Beardstown.

## MORE CANDIDATES TAKE M. W. A. PLEDGE

Preparations Well Under Way  
For Reception of Big Class  
November 10.

More than 100 men have re-  
ceived the obligation for mem-  
bership in Camp 912, Modern Wood-  
man of America. The initiation  
will be held on the night of No-  
vember 10, in the gymnasium of  
the David Prince school. At a  
regular meeting of the camp held  
last night the following men took  
the obligation:

Howard R. Roberts, B. Blair  
Andrews, Clifford Ornellas,  
James C. Barker, William Frank  
Imhoff, Louis A. Loneragan, Al-  
bert D. Birdsell and J. Harold  
Coverly.

The following are applicants  
for membership in the order:

Nolan Edwards, Donald C.  
Pulasky, Arthur D. Muratroyd,  
E. Anson Brown, Ralph Kitchen,  
Henry W. Sparger, Charles J. De-  
Silva, Jr., Floyd Williams, Olan

ry Drake, and Hartley Birdsell.

The transfer cards of John T.  
Dixon of Monticello, Ky., and El-  
mer Stout of White Hall were  
accepted.

Numerous state officers of the  
Woodmen will be present and there  
will be many visitors from surround-  
ing towns. It will be one of the  
most important gatherings ever ar-  
ranged by Camp 912. Among prom-  
inent visitors expected are S. S.  
Tanner state director, Minier, W. F.  
Gilroy, supreme lecturer, Canton; C.  
S. Townley, state deputy head con-  
sul; O. F. Alshire, head banker, Chi-  
cago; John D. Voltz, state director  
of Indiana.

A degree team from Decatur Lodge  
No. 1624 will be here to put on the  
work. One hundred candidates have  
already been signed up and no doubt  
there will be more by the time of  
the ceremony, according to J. Earl  
Vasconcellos, local deputy head con-  
sul.

## FRANKLIN HOMEMAKERS

### CIRCLE MET TUESDAY

The regular meeting of the  
Franklin Homemakers circle was  
held Tuesday afternoon at the  
home of Mrs. J. Earl Miles. There  
was a fine attendance of members  
and a number of guests were pres-  
ent. The house was very pretti-  
ly decorated with fall flowers  
and foliage. The program was  
one of great interest and includ-  
ed the following:

Roll call—Pithy sayings of  
Roosevelt.

Paper—"Roosevelt as a Man  
of Letters," Mrs. Arthur Van  
Winkle.

Study of Madame Butterfly—  
Mrs. Charles Gibson.

Report of federation meeting  
at Greenfield—Mrs. W. M. Rees.

The program was somewhat ab-  
breivated on account of the fun-  
eral of Carl Boyer. A social  
hour and the serving of refresh-  
ments brought the afternoon to a  
close. Among the guests were  
Mrs. J. B. Strawn of near Alex-  
ander, Mrs. A. L. Lukeman, Mrs.  
Charles Cussins, Mrs. Joe Wil-  
Hamson and Mrs. Edgar Eador.

The next meeting will be held

### WEDDING ANNIVERSARIES

#### WERE CELEBRATED

Mr. and Mrs. Abe Litter enter-  
tained a number of friends Sun-  
day at their home southeast of  
Virginia, the occasion being in  
honor of the wedding anniver-  
saries of their four children, all  
of whom were married on Oct.  
16. At noon a bountiful dinner  
was served and the afternoon  
was spent in a social way. Dur-  
ing the afternoon a picture was  
made of the family group.

The four whose marriage an-  
niversaries were thus observed  
are: Mr. and Mrs. Bert Way, Mr.  
and Mrs. Wesley Stevenson, Mr.  
and Mrs. Beryl Litter and Mr. and  
Mrs. Harry Stevenson, Bert Way  
and Miss Ollie Litter were married  
twenty years ago; Harry Stevenson  
and Miss Minnie Litter nineteen  
years ago; Wesley Stevenson and  
Miss Myrtle Litter sixteen years  
ago and Beryl Litter and Mary  
Litter four years ago.

Among the guests were Mr. and  
Mrs. Earl Haynes of Armstrong,  
Ill., the former a nephew of Mr.  
and Mrs. Litter. They were mar-  
ried twenty years ago and this  
occasion was also a celebra-  
tion of their anniversary.

Dr. A. E. Prince of Spring-  
field, Ill., will see eye, ear,  
nose and throat patients in  
Jacksonville at the Dunlap  
House on the first Thursday  
of every month in the after-  
noon.

### COMPANY IS INCORPORATED

Articles of incorporation were  
filed yesterday for the Control-  
lable Auto Light Co. The incorpor-  
ators are C. F. Anderson, 872  
Grove street, this city, D. F. Behr,  
of Hinsdale and J. R. Mitchell,  
this city. The capital stock is  
given as \$50,000 and there are  
5,000 shares.

Mrs. B. F. Dunahoe of Tallula  
and John Dunahoe of Quincy are  
guests at the home of Mrs. Maude  
Dunahoe on South Main street.

## CEMETERY TRUST

### FUND IS STARTED

Judge Layman Transfers Sums  
Long In His Possession as  
Executor—Board Recently Au-  
thorized By Council Action.

The advantage of the organiza-  
tion of a board of trustees to  
manage bequests for local cem-  
eteries has already been demon-  
strated. The ordinance providing  
for the naming of such a board  
was passed by the city council  
Monday night and yesterday  
Judge M. T. Layman turned over  
to Mayor Crabtree two funds of  
\$100 each which have long been in  
his possession. Judge Layman  
said that he had been hoping for  
the naming of such a trust board  
so that he might make transfer of  
the two funds in his possession.

One hundred dollars has been  
in the care of Judge Layman for  
25 years and is the sum provided  
for in the will of the late Mrs.  
Margaret Neely, widow of Jona-  
than Neely, one of the early resi-  
dents of Jacksonville. The Neely  
homestead is now the property of  
Mrs. B. S. Galley.

The other fund in possession of  
Judge Layman came to him thru  
the estate of Lieut. J. C. White,  
whose old home was at the north-  
west corner of Diamond and  
Grove streets. The wife of Lieut.  
White lived to be more than 80  
years of age and her death occur-  
ed about five years ago. It was  
provided in the Neely and White  
wills that the funds mentioned  
should be handled by Judge Lay-  
man as executor and trustee for  
the maintenance of cemetery lots.

No doubt other bequests will be  
turned over to the trustees as  
soon as they are named and it is  
not unreasonable to expect that  
with passing years the fund will  
grow to considerable proportions.

## PROOF OF THE HISTORIC PRECEDENCE OF OSTEOPATHY

Is Given in "The Osteopathic Cat-  
echism," One of the Profession's  
Most Historic Documents Which  
First Appeared 20 Years Ago

In the October issue of "Osteo-  
pathic Health," the popular jour-  
nal of modern methods of health  
building without drugs, appears  
a very satisfying explanation of  
osteopathy's principles and prac-  
tices, titled, "The Osteopathic  
Catechism." This new justly ce-  
lebrated document holds a double  
value for the lay reader who is  
desirous of keeping posted, in that  
it both establishes incontroverti-  
bly that osteopathy is the original  
science of healing by adjustment,  
and in that it also explains very  
rationally just what that state-  
ment means and how osteopathy  
relates to germs, drugs, surgery,  
and such other things.

The real significance of "The  
Osteopathic Catechism" in explain-  
ing and defending Dr. Still's title  
as discoverer and founder of this  
modern manipulative system of  
healing is told in this statement by  
the publishers:

### Publishers' Foreword

This simple presentation of os-  
teopathy was one of the earliest  
popular statements of such length  
put out by the osteopathic profes-  
sion to educate the public. It re-  
ceived the unqualified endorse-  
ment of Dr. Andrew Taylor Still,  
founder of osteopathy, who said it  
gave a very fair idea of osteopathy's  
fundamentals to the lay reader. It  
was written in 1900 and was copy-  
righted and first published for the  
profession by this publishing house  
in 1901.

Its clear exposition of the origin  
of disease through occurrence of  
the tissue-lesion and of the curing  
of disease by making adjustments  
within the body possesses histor-  
ical value today as proving that  
osteopathy was the original pio-  
neer system of adjustive therapy.  
Various counterfeit systems have  
since sprung up which imitate os-  
teopathy's principles and practices  
without having made any observ-  
able modifications of "Dr. Still's  
backbone lesion osteopathy" as  
here so clearly outlined twenty  
years ago—long before such im-  
itators had gotten started. Yet  
Doctor Still had been practicing  
developing and proclaiming his  
revolutionary system of manipu-  
lative therapy for twenty-seven  
years when this article made its  
appearance in 1901.

A companion article, entitled  
"Most Diseases Are of Spinal Or-  
igin," which was also copyrighted  
and printed the same year under  
the same auspices, affords, in con-  
junction with this "Catechism,"  
the most absolute historic proof of  
osteopathy's precedence as the pi-  
oneer science and art of adjustive  
healing because both articles tell  
exactly what osteopathy is and is  
not as was taught by its founder  
from the beginning. Both were  
written purely for public instruc-  
tion, received the endorsement of  
the founder of osteopathy, and bear  
the U. S. copyright date of 1901.  
You may receive a complimentary  
copy of this additional brochure by  
requesting it of any local osteo-  
pathic physician or by writing the  
publishers.

This "Osteopathic Catechism" has  
run thru eight subsequent edi-  
tions and nearly three-quarters  
of a million copies have been dis-  
tributed.—The Publishers.

### AUTOMOBILE SHOW WILL OPEN TODAY

Everything in Readiness at Cherry Service Station—Merchants Join With Auto Dealers in Arranging Exhibits.

The second automobile show and merchants' exposition of Jacksonville will open today. For more than two weeks past preparations have been in progress at the Cherry Service Station, which is to be the scene of the show, and the building is beautiful indeed. Autumn leaves and evergreens have been used with splendid effect. The foliage colorings, interspersed with hundreds of electric lights, make a very brilliant scene. Add to this the special decorations of the various booths and you will gain an advance idea of the show.

A number of the exhibits were arranged yesterday and the others will be in readiness for the opening day. In addition to the automobile show today is the first of the special bargain days arranged by the trade extension committee of the Chamber of Commerce, thru the co-operation of about 90 firms, the country for miles around has been thoroughly billed for this two day bargain event. The merchants are making some really wonderful bargain offerings and many visitors are expected both on account of the show and the bargain sale.

The following is the list of exhibitors at the auto show and merchants' exhibition as announced yesterday by Manager Wilkinson: Lukeman Auto Co., Haas Electric Co., Graham Hardware Co., Joy Brothers, Shadid Shoe Repairing, Louis Horen, Shanken Store, Faugust Tinnors, T. M. Tomlinson, Von Fossen Music Co., D. N. James, The Shoe Shop, Get Gass Service Stations, Gilbert Drug Co., Illinois Tire & Vulcanizing Co., Holland Furnace Co., Jacksonville Railway & Light Co., John Cherry, W. A. Berryman, Mullenix & Hamilton, Brown Music Co., Shaw Furnace Co., The Ogar Cigar, Selber Electric Co., Jacksonville Farm Supply Co., Ed Ranson, Hutson Brothers, L. F. O'Donnell, McNamara-Heneghan Co., J. F. Claus, C. M. Strawn, Rexroat & Deppe, U. S. U. Insurance Co., Berger Motor Co., C. E. Hudgin Furniture Co., W. W. Pickle, H. E. Wheeler Co., Cook's South Side Planing Mills, and Cook the Grocer.

We have the following fall and winter apples on hand: Jonathan, Grimes Golden, Northern Spy, Baldwin, Rambo, Genitan, Roman Beauty, York Imperial and Russel, which we are offering to consumers at very attractive prices. Call today while we have all varieties to select from. Quality never was better. W. S. Cannon Produce Company. Both phones 197.

### RESIDENCE PROPERTY SOLD

It was stated yesterday that Mrs. Lynda Case has sold her residence property at 1017 West College avenue to Miss Mary Rhoads and possession is to be given early in November. Miss Rhoads and Dr. and Mrs. Hayden have been for several years resident at 922 West College avenue and in their new home will not be far distant from their present location. Mrs. Case and daughter, Miss Mary, it is understood, will go to Toledo where Warren Case is now engaged in business.

Odd Fellows of Lynnville will give a play entitled "Out in the Streets" at A-Muse-U Theater, Chapin, Ill., tonight at 8 o'clock.

### Entertains

A delightful one o'clock luncheon was given yesterday by Mrs. H. K. Chenoweth at her home on West College avenue, in honor of the members of the Sackett-Wiswell bridal party. A charming color scheme of pink was used in the dining room where roses and lighted candles carried out attractive decorations. Corsage bouquets were the favors given to each guest.

### CLUBS AND SOCIETY

W. C. T. U. Met With Mrs. Charlotte Gray. The Jacksonville W. C. T. U. met with Mrs. Charlotte Gray of West College avenue Tuesday afternoon with a good attendance. Following devotionals the business session was held at which time Mrs. Weatherford was elected recording secretary of the society. A social hour followed and refreshments were served.

### Entertained at Bridge

Misses Carrie and Alma Mackness entertained at bridge at the Mackness home, 1303 West College avenue Tuesday afternoon in honor of Miss Margaret Ott of Waukegan and Miss Lura Wiswell. Bridge was played at six tables and following play the hostesses served dainty refreshments. The rooms were tastefully decorated for this function with cut flowers. Out-of-town guests were Miss Henrietta Hains further of Winchester, Miss Elizabeth Heineke of Springfield and Miss Margaret Ott of Waukegan.

### Kappa Delta Class

The members of the Kappa Delta class of Central Christian church were the guests of Dr. and Mrs. W. O. Waite last evening at their home on Westminster street. The event was a Halloween party and the Halloween colors were used in attractive decorations and the idea was carried out in the delicious refreshments which were served during the evening. Various kinds of games and music filled a most enjoyable evening. Dr. Waite is the teacher of this class and the hospitality of his home was greatly appreciated by the members of the class.

### Philathea Circle

The Philathea Circle of Central Christian church met last evening at the church for the regular monthly meeting. The members went to the church at five-thirty and enjoyed a fine oyster supper. After the supper the regular business meeting was held and the month's work of the class was discussed. No special program was given.

### East Side Club

Mrs. George Hocking entertained the members of the East Side Tuesday club at her home on South Main street yesterday afternoon. The topic for the days program was Switzerland and the first paper was by Mrs. Elizabeth Laurie who spoke on the political situation in the country. "A trip thru Switzerland," telling of all the beauties of the land, was given by Mrs. G. R. Bradley. The roll call was answered with the name of some famous Swiss character. Dainty refreshments were served during the social hour following the program.

### Trinity Vestry

H. M. Andre, the senior warden of Trinity church, was host to the members of the Trinity Episcopal church vestry, at a luncheon given Tuesday noon at the Peacock Inn. Eight members were present and a delicious luncheon was served in the blue room.

### Mrs. Greenleaf Hostess to Household Science Club

Mrs. E. S. Greenleaf entertained the members of the Household Science club yesterday afternoon at her home on Park street. An interesting paper on "Beautiful Buildings of the World" was given by Mrs. Ida B. Guthrie. The architectural style and beauty of the world's famous edifices was taken up in the paper. The household topic was given by Mrs. Ruth L. Robinson who read a paper on the making of Pickles and Relishes. A pleasant social hour and the serving of dainty refreshments closed the afternoon.

### Past Pocahontas Club Met Tuesday

Members of the Past Pocahontas club of Minnetonka Council No. 71, Degree of Pocahontas met with Mrs. Etta Siegfried of South East street Tuesday evening with a large attendance of members.

The regular business session of the club was held during which the newly elected officers were installed by Mrs. Alfred Larson, Great Minnehaha. The new officers are: President—Mrs. Etta Siegfried. Vice President—Mrs. Lillie Robinson. Secretary—Mrs. Mary R. Davis. Treasurer—Mrs. Emma Eckles. Chaplain—Mrs. Irene Claus. Following the business session a social hour was enjoyed and the hostess served delicious refreshments. The club was favored with a number of piano solos by Clarence Siegfried. Mrs. J. L. Collier of Peoria and Mrs. Clarence Siegfried were guests of the club. The November meeting will be held with Mrs. Alfred Larson.

### FARMERS INSTITUTE BEGINS SESSIONS

First Institute Programs Carried Out at Murrayville Tuesday Afternoon and Evening—Fine Addresses, Heard by Large Audiences.

The first of a series of Morgan county farmers' institutes was held at Murrayville Tuesday afternoon and evening. The sessions were held in the Methodist church and were well attended. The institute will be held at Litterberry today and at Lynnville tomorrow.

Senator C. C. Pervier of Sheffield, Ill., and Mrs. J. M. Daniels of Greenville made addresses afternoon and evening. Senator Pervier in the afternoon talked about practical methods of soil improvement and in the evening had for his theme "The World's Food Problem." Mrs. Daniels in the afternoon talked on "Health Conditions in the Home," and in the evening her subject was "Woman and the Community."

Both of these speakers had messages of real interest to the people of the county, and the suggestions offered are of practical worth. At the close of the afternoon session the Ladies' Aid of the church served a splendid chicken dinner in the basement of the church. At the evening program there was a fine musical program preceding the addresses. This program included the following numbers: Song—High school glee club. Piano duet—Mrs. Iva Short, Miss Mildred Wright. Selection by string orchestra—Fred King, Harlan Doyle, Benjamin Wright and Floyd Short, with Miss Mildred Wright as accompanist. Song—Rimby family. Vocal solo—Mrs. Austin King. Senator Pervier has years of experience as a practical farmer and for almost a like period has been a student of agricultural problems. As a representative of the Farmers' Review in Chicago several years ago he traveled extensively in Europe studying conditions there. In the address yesterday afternoon, Senator Pervier spoke particularly of his overseas observations and the mistakes that were made in a number of European countries in exhausting the soil. He said that these same methods had caused similar conditions in the eastern states here in this country.

The speaker advocated a system of crop rotation and the return of organic matter to the soil that is necessary for the maintenance of fertility. The organic matter must come through the application of manure or through leguminous crops.

### DEATHS

Simmons. Mrs. Homer Harrison of Woodson has received word of the death of the infant daughter of Mr. and Mrs. Grover Simmons, of Bassett, Ia. Mrs. Simmons was formerly Miss Altha Roberts of this vicinity.

Seckman. Mrs. Caroline Seckman, prominent citizen of Mt. Sterling, died at a local hospital Tuesday night. The remains were prepared for burial at Reynolds' Mortuary and sent to Mt. Sterling accompanied by relatives yesterday. The decedent's husband preceded her in death. She leaves the following children: Ralph Seckman, Nora Burnett, Otis Seckman, Herbert Seckman, Clyde Seckman, Margaret Hageman, Lois Parker, Katie Dennis Riley Seckman and Bertha Summy.

Sudbrink. W. T. Sudbrink, a prominent farmer of Virginia, died at the Springfield hospital Tuesday morning at two o'clock. Mr. Sudbrink had been ill but four days, he was taken to Springfield where he underwent a serious operation and died following the operation. He is a brother-in-law of J. W. Taylor of 1040 West College avenue. He is survived by his wife and three daughters: Mrs. Warrensing, of Greenville, Ill., Mrs. Josephine Jokisch, of Virginia, and Miss Mary Sudbrink at home. Arrangements for the funeral will be made later.

Strawn. Mrs. Kate Covington Strawn of Alexander, died at Passavant hospital at 12:15 o'clock Tuesday morning.

Decedent was the daughter of Benjamin and Mary A. Mason Covington and was born in Macoupin county June 24, 1862. She was united in marriage to Joel Strawn November 29, 1882. Besides her husband she is survived by the following children: Ernest Strawn of Litterberry, Mabel Ellen of Sinclair, Henry G. Strawn of Jacksonville, Omer J. Strawn of Auburn, Harold M. and Elmer G. Strawn of Alexander, Howard G. Strawn of Orleans. She leaves two brothers and two sisters, Edward Covington of Palmyra, Jesse Covington of Murrayville, Mrs. Hannah Warcup of Sedalia, Mo., and Mrs. Nora Rowell of Jerseyville. Mrs. Strawn was a member of Pisgah Presbyterian church and was a woman whose chief interest was in her home. Her many fine traits of character made her much loved in her home community. Funeral services will be held from the Gillham Funeral Home at 2:30 o'clock Thursday afternoon in charge of Dr. Thomas W. Smith, pastor of Westminster church. Interment will be in Diamond Grove cemetery.

### MRS. FRED DOHT IS COMPOSER

Wife of Former Resident Sets Guest Poem to Music—Attended Woman's College Several Years Ago.

The appended article from the Peoria Star will be of interest to many local people. Mrs. Doht is the wife of Fred Doht, son of Mr. and Mrs. F. W. Doht of this city. She was formerly Miss Mary Road of Piper City and at one time was a student at Illinois Woman's college. The article follows: "Mrs. Mary Frances Doht, the talented young musical composer of whom much of interest has been recently heard, arranged to music the lovely little poem of Eddie Guest's entitled 'Lullaby' and called it 'Bye-Bye My Pretty One.' This lovely composition was sung at the luncheon arranged at the Jefferson hotel on Tuesday in honor of the popular folk-love poet by Miss Clementine Porter, with Mrs. Doht playing the accompaniment. "Mrs. Doht, who has studied music here under the direction of Franklin L. Stead for the past six years, having finished her post-graduate course, has written some very clever and original compositions, among them the most noteworthy being 'Laughter,' which was composed especially for Mr. Sol Cohen, the talented violinist, and dedicated to him. "Mrs. Doht will leave soon for Chicago, where she will submit

several other of her compositions."

The evening program at Lynnville will be the same as at Murrayville and Litterberry.

AN OLD TIME WAR PLAY.

How many persons in the city remember the war play, "The Drummer Boy of Shiloh," which was presented in this city fifty years ago at this time? It was a stirring war drama put on by its author, who had a leading part. Among the members of the cast were Capt. Horace Chapin, Frank C. Taylor, Harry Mitchell, W. H. Clauser, the photographer, Beecher Glover and a good many others whose names are not now recalled. It was a great success. Horace Bancroft was one of the business managers and the net proceeds were sent to the sufferers of the great Chicago fire and when they came to pay the rent, Mr. Bancroft presented the situation to Mrs. Phoebe Strawn, then owner of the opera house, and she made a donation also.

HAPPY TRIPLETS.

In Barry in the family of Charles Rube, are triplets, three husky, lively, healthy boys, two months old and already able to notice a good many things. They about seven pounds each and are named Robert Roy, Charles Anthony and James Edward, respectively. A great many tourists and others as well, call to see the little creatures and many leave presents for them. They already have a small bank account and a table almost covered with gifts from admiring visitors. husky, live, healthy boys, two years old and her husband is ten years older, and both are healthy.

### WOODSON

Last Sunday services of Unity Presbyterian church were very much appreciated. The morning service was well attended. Mr. and Mrs. Harvey Blimling and family and Mr. and Mrs. Watt and family were present from Markham. The young people's church service with an interesting object lesson by the pastor was much appreciated. A baptismal service followed. Robert Blimling and William Lester Darwent, infant son of Mr. and Mrs. Lloyd Darwent, were baptized. Special music was rendered by a mixed quartet, the sermon on the child's place in the kingdom followed. Next Sunday morning the pastor hopes to give a special object lesson at the children's church service on the subject of Contentment, using chemicals to illustrate the lesson.

Miss Margaret Rannels of Woodson is visiting her sister, Mrs. Arbor at Pana, Ill.

The Ladies' Missionary society will have an oyster supper next Friday from 5 p. m. at the home of Mrs. John Hoagland east of Woodson.

Mrs. William Rook, Mrs. W. G. Russell, Mrs. John Hoagland and Mrs. A. C. Powell attended the Presbyterian district missionary meeting at State Street Presbyterian church Tuesday.

### PIONEER RESIDENT OF WHIT HALL DIES

Remains of Mrs. Missouri Coats Laid to Rest Saturday Afternoon—Other White Hall News Notes.

White Hall, Oct. 17.—The remains of Mrs. Missouri Coats, widow of the late Sylvester Coats, pioneer residents of White Hall, arrived over the Burlington Saturday afternoon from Canton, where her death occurred at 5:45 p. m. Thursday. Immediately upon arrival the remains were taken to the First Baptist church, where funeral services were held prior to interment in the White Hall cemetery. Her age was about 76 years, and she had been making her home with her daughter, Mrs. William H. Harions, at Canton for the past five years. Her husband died four years ago, and the remains were brought here for burial. The deceased suffered greatly for two weeks before her death with a complication that baffled the physicians, and a post mortem was held before bringing the body to White Hall, the results of which had not been given out at this writing. She was a member of the First Baptist church of White Hall and her memory is held in high esteem.

Thomas Vandaveer has been over from Greenfield this week with his children, Frank Vandaveer and Mrs. W. P. Short. The visitor will be 91 years of age on November 15th., and his entire life has been spent in Greenfield and vicinity. Except impaired eyesight, he retains all his senses. The family spent Thursday at the mouth of Apple Creek, and the aged guest fished and cooked and

### Improve Your Looks

It is simply astonishing that many people refrain from having glasses fitted because they imagine it might "make them look old."

This is just one of the little items in our profession where WE QUALIFY, we adapt YOUR glasses to YOU. Many of our patrons tell us that their friends have remarked "why, really, glasses are becoming to you, they actually improve your looks."

## A "Hero" Home is a Cozy Home

### Special Prices this Week on Five and Seven Room Houses

The cold winter weather has no terrors for its users. Their homes are warm throughout in zero weather and they are helping us make more sales everywhere.

Basements are not overheated nor cluttered up with pipes.

Our guarantee protects them from any risk.

The saving of coal is wonderful, because all the heat units of the coal are diffused throughout the house, instead of being lost through long pipes and up the chimney.

The Vapor Pans clean, wash and moisten the air. The Humidity is very beneficial to the lungs and body.

One register only, saves cutting up the house and makes it a one day job to install.

If house has no basement, a pit can be made, large enough for furnace and coal.

Your house heated is worth much more than unheated. What else can you buy for your family that will give the same satisfaction, service and economy?

The Hero Pipeless Furnace is the result of 30 years of practical heating experience. It makes every user a booster.

## PRICE OF WHEAT

By Associated Press.

CHICAGO, Oct. 18.—Bearish views of the domestic industrial situation and of the foreign financial outlook carried the wheat market downward today to the lowest prices yet this season. Closing quotations were unsettled at 32 to 42¢ net decline, with December \$1.05 1/2 to \$1.05 1/4 and May \$1.09 1/2 to \$1.10. Corn unchanged to 2¢ @ 1/2¢ lower, oats off 1 to 1 1/2¢, and provisions unchanged to 25¢ down.

Except for a brief time at the start the wheat pit was nearly bare of buying orders whereas brokers were numerous who had orders to sell. A temporary initial return in prices was ascribed to a disposition in some quarters to believe that the government report on farm reserves had been given too much weight as a depressing factor.

This circumstance, however, was soon lost sight of, and the attention of traders focussed on the uncertainties of the threatened big railway tieup and on talk of a possible financial crash in Germany. Announcement from the Atlantic seaboard that 1,000,000 bushels of United States wheat had been purchased for Europe failed to bring about any important rally.

Corn as well as wheat touched a new record price for the season. The corn market was relatively firm compared with wheat. Smallness of receipts together with better export inquiry helped to sustain values.

Oats paralleled the action of corn.

Provisions went lower with hogs.

## CASH GRAIN REPORT

(By The Associated Press)

CHICAGO, Oct. 18.—Cash sales here today were 90,000 bushels of wheat including 60,000 bushels late yesterday; 170,000 bushels of corn, and 265,000 bushels of oats. The seaboard advised of 1,000,000 bushels of wheat taken for export. Inquiry from Italy for four cargoes more was also noted. Sales of 20,000 bushels of wheat and 100,000 bushels of oats were made to go to store here. There was no change in the basis for cash wheat, cash corn or cash oats.

Car lot receipts: Wheat, 15; Corn, 281; Oats, 122.

## KANSAS CITY LIVE STOCK

By Associated Press

Kansas City Stock Yards, Oct. 18.—Cattle continue to come freely. Monday's receipts were 35,000 cattle and 7,000 calves, and in addition to the fresh supply 6,500 cattle and 1,000 calves were held over from last week. The threatened railroad strike was no material factor in the liberal supply, as most of the cattle were on long hauls and loaded before news of the strike was disclosed.

Strike sentiment late in the week and next week many will load to reach market before Oct. 30th. On the buying side, demand for stockers and feeders was active. Close to steady prices prevailed. A good many farmers and feeders want to get their stock before rail difficulties begin. Others think this is the opportune time to buy. Choice light weight stockers are selling at \$5.75 to \$6.50, fair to good \$5 to \$5.75, and common to fair \$4 @ \$5. Selected fleshy feeders are bringing \$6 to \$6.75, good \$5.50 to \$6, fair to good \$5 to \$5.50. Stockers are bringing \$4.50 to \$5.50, stock cows \$3 to \$4.50 and stock heifers \$2.50 to \$3.50.

Hogs prices were strong to higher, top \$8.30, bulk \$7.50 to \$8.25. Pigs are bringing \$7.25 to \$8.25. Supplies of stock hogs are not large but sufficient to urgent requirements.

Sheep and lambs were in liberal supply with prices 25¢ lower. Fat lambs sold at \$7.25 to \$8.50, feeding lambs \$6.50 to \$7.25. The next two weeks will see the movement of range lambs on the decrease, and that the number of lambs placed on feed this winter will be materially short of last winter.

## RAILS RECOVERED SOME OF THEIR LOSSES

By Associated Press.

NEW YORK, Oct. 18.—The financial community was disposed to take a more hopeful view of the railroad strike situation today. Occasional liquidation was confined to a few selected among food and allied specialties. Rails recovered the greater part of yesterday's setback and shares more or less identified with transportation in like degree.

Exceptions were furnished by several equipments notably Pullman, which made a net loss of 1 1/2 points. Sales amounted to 425,000 shares.

Monetary conditions relations the local market falling to 4 at midday. Free offerings of time funds and a better inquiry for merchants' paper, the latter from out of town were reported.

Through its Public Health Department Announces Information of Utmost Importance—

# "CONFINEMENT is now a Pleasure"

—This was really said a few days ago by a mother who gave birth to a fine boy by the NEW WAY—Nature's Way.

—This mother had gone through the ordeal of confinement with all of its suffering, delays, dangers and exhaustion, three times, in the USUAL WAY while the nurse or doctor took a nap in an adjoining room, waiting.

—That old expression, "Letting Nature Take Her Course," served its usefulness many, many years ago, when women were strong, hearty, fully developed, and didn't know the corset, high heel shoes or short skirts. It is a sad reflection to use that method today. But—

—If YOU expectant MOTHERS are satisfied to face all those unnecessary DANGERS due to your weakened, undeveloped constitution, which resulted in the death of 60,000 mothers in Confinement last year, then YOU do not need to
